## Objective:

Passionate about transforming ideas into captivating digital experiences. With a foundation in computer science and an arsenal of skills in HTML, CSS, GitHub, and C++, I thrive on solving complex challenges and delivering innovative solutions.

## Education:

- Bachelor of Science in Computer Science (cont...)  
Pak-Austria Fachhochschule: Institute of Applied Sciences and Technology

## Technical Skills:

- HTML/CSS
- Tools: Visual Studio Code
- Version Control: Git, GitHub
- Microsoft Office Tools
- Communication Skills
- Working in a Team
- Collaborative Working
- Problem-Solving

## Projects:

### **Gym Management System Using C++**

- Developed a comprehensive gym management system leveraging C++.
- Implemented features for member management, scheduling, and billing.
- Ensured robustness and efficiency through rigorous testing and optimization.

### ***Fitness Tracker App***

- Designed and developed a fitness tracker application for monitoring exercise routines and progress using object-oriented programming (OOP) concepts in C++.
- Utilized C++ for backend logic and data management, ensuring efficient and scalable performance.
- Implemented features such as workout logging, goal setting, and progress tracking, leveraging OOP principles to maintain code modularity and reusability.

### **Coursework:**

- Web Development Fundamentals
- User Interface Design
- C++

### **Additional Skills:**

- Strong problem-solving and debugging skills
- Excellent collaboration and communication abilities
- Keen eye for design and attention to detail
